VACUUM EXCAVATION – UTILITY POTHOLING – CREW MEMBER

About SSC:

SSC is a family owned and operated construction company; specializing in subsurface utility engineering, utility locating, vacuum excavation, boring, tunneling, coring, potholing, trenchless construction, and design consulting. SSC has been 100% family owned and operated for nearly 50 years, with a focus on traditional values and ethics. SCC has a long history of success and has a strong commitment to safety, community, client satisfaction, and employee development.

Working at SSC

SSC offers a culture where employees are valued for their contributions and invested in with training and development opportunities. We strive for an environment centered on teamwork where each member can proudly say I AM SSC:

I – Integrity: Zero gap between what we say and what we do

A – Attitude: Work each day with an upbeat, positive, can-do attitude

M – Mutual Respect: Treat each interaction with respect and a spirit of service

S – Safe: Keep ourselves, our co-workers and the public safe each day and watch out for the physical and emotional wellbeing of each team member.

S – Smart: Utilize innovative technology, processes and procedures to work efficiently

C – Committed to Excellence: Take pride in exceeding customer’s expectations

Position Summary:

SSC Underground accepts applications for consideration, as openings for qualified and experienced vacuum excavation and utility potholing crew members become available. The vacuum crew member will help support all aspects of vacuum excavation and potholing job for the company.

This position will report directly to the vacuum truck crew leader. The vacuum truck crew member will be responsible for working as directed by the vacuum truck leader to excavate potholes for utility locating. The vacuum truck crew member will also be responsible for helping set up, operate, and clean the vacuum truck and its various tools. This is an entry level position with an opportunity to advance to the second tier of vacuum crew member once skills have been mastered and positive performance reviews and evaluations have been completed.
